

WREN PROGRAMME

WEDNESDAY 18TH MAY

Time	Theme	Session	Speaker
08:00 – 09:05 Sponsored Scientific Symposium			
09:05 – 9.20	Opening	Welcome & Introduction	Professor Jane Nixon
09:20 – 09.35	Impact of NIHR research in wound prevention and treatment	Leg ulcer management: service change following the EVRA trial	Professor Alun Davies
09:35 – 09.50		Pressure ulcer risk assessment – barriers and levers to national and international implementation	Dr Susanne Coleman
09:50 – 10.05		The Impact of NIHR funded research on the care of venous leg ulcers	Professor Jo Dumville
10:05 – 10.30		SSI: Challenging the established evidence with large multicentre trials - and what happens if no benefit is found	Professor Tom Pinkney
10:30 – 10.45		Q&A	All
10:45 – 11.30 Break and opportunity for exhibition viewing			
11:30 – 11.50	Identifying research priorities and good research questions?	The Vascular James Lind Alliance priority setting process - identifying priorities for wounds research	Judith Long
11:50 – 12.10		Picking the right project: The British Neurosurgical Trainee Research Collaborative (BNTRC) experience	Aswin Chari
12:10 – 12.30		How do we define future comparative evaluation of reconstructive surgery for severe pressure ulcers?	Professor Jo Dumville
12:30 – 12.50		Involving service users and carers in priority setting	Delia Muir
12:50 – 13.00		Q&A	All
13:00 – 14.00 Lunch and opportunity for exhibition viewing			
14:00 – 14.12	Newly funded NIHR Trials	New Trials - funded and in development - collaborative working	Professor Ian Chetter
14:12 – 14.24		The CHEETAH International Cluster RCT of glove and instrument change for wound closure to reduce SSI rates in patients undergoing abdominal surgery	Professor Tom Pinkney
14:24 – 14.36		WHITE/PRESSURE3: World Hip Trauma Evaluation - Pressure ulcer prevention 3; A randomised clinical trial assessing early use of heel specific adjunct devices for heel pressure ulcer prevention in people with a fractured hip	Dr Clare Greenwood
14:36 – 14.48		Peripheral arterial disease diagnostics in people with diabetes	Mr Usman Jaffer
14:48 – 15.00		Q&A	All
15:00 – 15.30 Break and opportunity for exhibition viewing			
15:30 – 15.45	Free Paper	Methods to handle missing data for pressure ulcer prevention clinical trials	Isabelle Smith
15:45 – 16.05	Trial Methodology	Reducing surgical site infection rates in colorectal surgery - A quality improvement approach to implementing a comprehensive bundle	Mr George Ramsay
16:05 – 16.25		Trial Forge, INCLUDE Frameworks and designing trials that better reflect the diversity of the communities they serve	Professor Shaun Treweek
16.25 – 16.45		Getting your research funded - tips and tricks	Professor Tom Pinkney
16:45 – 16.55		Q&A	All
16:55 – 17.00 Close
