|---------------|---|--|---|---------------|---|---|--|---------------|---|
| 08.00 - 09.00 | Moderator:<br>Fran Norman<br>(was Spratt)                   | Scientific Breakfast Symposium - 3M<br>Let's get back on track! – Negative<br>Pressure Wound Therapy | Claire Porter   |               |   |   |  |               |   |
| 09.15 - 09.45 | Chair:<br>Dr Jeannie<br>Donnelly                            | Introduction to the Conference   | Dr Jeannie Donnelly<br>and Linda Primmer                |               |   | No Sessions   |  |               |   |
| 09.45 - 10.15 |   | The National Wound Care Strategy<br>Programme for England  | Dr Una Adderley   |               |   |   |  |               |   |
| 10.15 - 10.15 |   | The United Nations sustainable<br>development goals and tissue viability<br>practice                 | Professor<br>Andrea Nelson                              | _             |   |   |  |               |   |
| 10.45 - 11.30 | Break and opport  | unity for exhibition viewing   |   |               |   |   |  |               |   |
| 11.30 - 12.00 | Getting the low<br>down: evidence                           | Making Legs Matter: how the campaign is making a difference  | Sarah Gardner   | 11.30 - 12.30 | Invest to grow:<br>how education                  | How to Inspire a new generation of<br>Tissue Viability Nurses   | Julie Hewish                           | 11.30 - 13.00 | Workshops                                     |
| 12.00 - 12.30 | based care for<br>patients with<br>lower limb<br>conditions | Venous leg ulcers - a standardised<br>national approach  | Jamie Cochrane,<br>Alison Duncan and<br>Drew Davidson   | 12.00 - 13.30 | & development<br>shapes practice<br>Chair:        | Education supporting the ambitions<br>of the National Wound Care Strategy<br>Programme - an update                          | Danielle<br>Fullwood                   | 12.15 - 13.00 |   |
| 12.30 - 13.00 | Chair:<br>Kate Williams                                     | Managing the 'at risk' foot in patients with renal disease   | Joanne Casey  | 12.30 - 13.00 | Liang Liu   | How effective is virtual education in<br>wound care? Using a matrix to measure<br>the success of wound care education       | Carol Jeffrey<br>and Janice<br>Bianchi |               |   |
| 13.00 - 14.00 | Lunch and opport  | unity for exhibition viewing   |   |               |   |   |  |               |   |
| 14.00 - 15.00 | Antimicrobial<br>stewardship:<br>it's everyone's            | How can we improve antimicrobial stewardship in wound care?  | Mr Andrew Seaton,<br>Susan Cameron,<br>Joanne Casey and | 14.00         | Dermatology &<br>tissue viability:<br>the perfect | Hidradenitis suppurativa – an overview  | David Fitzgerald                       | 14.00 - 14.30 | Geographically<br>challenged:<br>remote wound |
|               | business<br>Chair:<br>Sarah Gardner                         | Panel debate   | Sharon Scattergood                                      | 14.25         | partners!<br>Chair:<br>Joanna Swan                | A nurse specialist's perspective on the<br>assessment and biopsy of wounds/skin<br>lesions to gain a differential diagnosis | Karen Stephen                          | 14.30 - 15.00 | care provision<br>Chair:<br>Connie Traynor    |
| 15.00 - 15.45 | Break and opport  | unity for exhibition viewing   |   |               |   |   |  |               |   |
|               |   |  |   |               |   |   |  |               |   |

| 15.45 - 16.15 | Beyond the cut:<br>the challenges<br>of managing<br>surgical<br>wounds | Assessing wounds for surgical site<br>infection (SSI): a patient-reported tool<br>for remote wound assessment    | Dr Rhiannon<br>Macefield    | 15.45 | Clinical<br>Governance:<br>learning not<br>blaming<br>Chair: | Duty of Candour in wound care /<br>pressure ulcer incidents                                  | Elaine Farrell,<br>Fiona Russell<br>and Sandra<br>Stringfellow | 15.45 - 15.57<br>15.57 - 16.09 | Free papers<br>Chair:<br>Samantha<br>Rooney |
|---------------|--|--|-----------------------------|-------|--|--|--|--------------------------------|---|
| 16.15 - 16.45 | Chair:<br>Linda Primmer  | Managing complex surgical wounds<br>in a community setting. Perspectives<br>from the acute and community sectors | Fran Norman<br>(was Spratt) | 16.15 | Fran Norman<br>(was Spratt)                                  | Diabetes and lower limb complications:<br>a thematic review of clinical negligence<br>claims | Nicole Mottolini   | 16.09 - 16.21                  |   |
|               |  |  |                             |       |  |  |  | 16.21 - 16.33                  |   |
|               |  |  |                             |       |  |  |  | 16.33 - 16.45                  |   |
| 16.45 - 17.00 | Close  |  |                             |       |  |  |  |                                |   |

## 18/05

Session

Speaker(s)

No Sessions

Making sense of the evidence

Dr Clare Greenwood

Make presenting your superpower

Sharon Neill and Sarah Rothwell

How to run a successful wound care<br/>service using digital imagery and virtual<br/>e-clinic tissue viability supportElaine Farrell,<br/>Fiona Russell and<br/>Sandra StringfellowDressings supply centralisation for<br/>wound careRosemary<br/>MacRitchie &<br/>Natalie Bowling

Nicky Richardson - Quality improvements and service developments or projects

Liang Qin Liu - The knowledge and attitudes regarding pressure ulcer prevention among Healthcare Support Workers in the UK: a cross-sectional study

Caroline Hughesdon - Impact of early recognition, prompt referral and high levels of compression to achieve excellent venous ulcer healing rates within a community clinic

### WREN PROGRAMME WEDNESDAY 18TH MAY

#### Location Baird Suit **Baird Suite**

| ime           | Theme                                     | Session  | Speaker                 |
|---------------|---|--|-------------------------|
| 8:00 - 09.05  | Sponsored Scie                            | ntific Symposium   |                         |
| 9:05 - 9.20   | Opening                                   | Welcome & Introduction   | Professor Jane Nixon    |
| 09:20 - 09.35 | Impact of<br>NIHR research                | Leg ulcer management: service change following the EVRA trial  | Professor Alun Davies   |
| 09:35 - 09.50 | in wound<br>prevention<br>and treatment   | Pressure ulcer risk assessment – barriers and levers to national and international implementation  | Dr Susanne Coleman      |
| 09:50 - 10.05 |   | The Impact of NIHR funded research on the care of venous leg ulcers  | Professor Jo Dumville   |
| 10:05 - 10.30 |   | SSI: Challenging the established evidence with large multicentre trials - and what happens if no benefit is found  | Professor Tom Pinkney   |
| 10:30 - 10.45 |   | Q&A  | All                     |
| 10:45 - 11.30 | Break and oppo                            | rtunity for exhibition viewing   |                         |
| 11:30 - 11.50 | Identifying<br>research<br>priorities and | The Vascular James Lind Alliance priority setting process - identifying priorities for wounds research   | Judith Long             |
| 11:50 - 12.10 | good research<br>questions?               | Picking the right project: The British Neurosurgical Trainee Research<br>Collaborative (BNTRC) experience  | Aswin Chari             |
| 12:10 - 12.30 |   | How do we define future comparative evaluation of reconstructive surgery for severe pressure ulcers?   | Professor Jo Dumville   |
| 12:30 - 12.50 | _   | Involving service users and carers in priority setting   | Delia Muir              |
| 12:50 - 13.00 |   | Q&A  | All                     |
| 13:00 - 14.00 | Lunch and oppo                            | ortunity for exhibition viewing  |                         |
| 14:00 - 14.12 | Newly funded                              | New Trials - funded and in development - collaborative working   | Professor Ian Chetter   |
| 14:12 - 14.24 |   | The CHEETAH International Cluster RCT of glove and instrument change for wound closure to reduce SSI rates in patients undergoing abdominal surgery  | Professor Tom Pinkney   |
| 14:24 - 14.36 |   | WHITE/PRESSURE3: World Hip Trauma Evaluation - Pressure ulcer prevention<br>3; A randomised clinical trial assessing early use of heel specific adjunct<br>devices for heel pressure ulcer prevention in people with a fractured hip | Dr Clare Greenwood      |
| 14:36 - 14.48 | _   | Peripheral arterial disease diagnostics in people with diabetes  | Mr Usman Jaffer         |
| 14:48 - 15.00 |   | Q&A  | All                     |
| 15:00 - 15.30 | Break and oppo                            | rtunity for exhibition viewing   |                         |
| 15:30 - 15.45 | Free Paper                                | Methods to handle missing data for pressure ulcer prevention clinical trials   | Isabelle Smith          |
| 15:45 - 16.05 | Trial<br>Methodology                      | Reducing surgical site infection rates in colorectal surgery - A quality improvement approach to implementing a comprehensive bundle   | Mr George Ramsay        |
| 16:05 - 16.25 |   | Trial Forge, INCLUDE Frameworks and designing trials that better reflect the diversity of the communities they serve   | Professor Shaun Treweek |
| 16.25 - 16.45 |   | Getting your research funded - tips and tricks   | Professor Tom Pinkney   |
| 16:45 - 16.55 |   | Q&A  | All                     |
|               | Close                                     |  |                         |
